Learn Beyond the Classroom

**Studying abroad** in a culture different than our own, especially for a semester or longer, prepares students for global career opportunities.

Expand your worldview and make lifelong friends as you explore destinations such as Australia, China, Egypt, El Salvador, England and many more.

## Honors Program

“ The Honors Program was the single most important part of my college experience. The honors courses and professors stretched me beyond what I thought were my limits and opened me up to a new level of achievement. ”

—Peter Bigelow, History '13

SEU's Honors Program is designed for students with a record of academic success who would like to be challenged in preparation for their careers

or continued graduate studies. As part of this selective program, you will take two to three honors courses per year, each enhancing your major core or fulfilling your general education requirements.
